**July 17, 2019**

**Notice from the Water Department  
Main Street Area near the Wrentham Line**

The Water Department has been experiencing periodic disruptions at the Pressure Reducing Vault, located near **236R Main Street**. Repairs to the vault are scheduled for **Friday, July 19th**, when a replacement part is expected to arrive.

Homeowners in the area have reported several incidences of discolored water. We are working hard to implement provisional fixes to improve water quality in the area. We will be limiting use of the well on Route 1, in order to provide water from our treatment plants.

We will post updates on the Town website and social media accounts as they become available.

We appreciate your understanding and apologize for the inconvenience this has caused.
