Age			
Under 18	Safety Certificate Required	Safety Certificate Required	
14 - <16	May operate under direct adult supervision ¹ . Engine capacity must be equal to or less than 90 cc		
10 - <14	May operate under direct adult supervision ¹ while in preparation for, or while participating in, a supervised event which has been authorized by a municipal permitting authority ² . Engine capacity must be equal to or less than 90 cc	May operate under direct adult supervision ¹ while in preparation for, or while participating in, a supervised event which has been authorized by a municipal permitting authority ² .	May operate under direct adult supervision ¹ while in preparation for, or while participating in, a supervised event which has been authorized by a municipal permitting authority ² .
Less than 10	May not operate.	May operate an age/size appropriate motorcycle/dirt bike while directly supervised ¹ in preparation for, or while participating in, a supervised event which has been authorized by a municipal permitting authority ² . Preparation for such an event may only occur on private property.	May operate an age/size appropriate snowmobile, 150 cc or less, while under direct supervision ¹ on lands on which the operator is domiciled.

¹ "Directly supervised", the supervising adult, 18 years of age or older, shall be sufficiently close to the operator at all times that the operator's vehicle is in operation, such that a reasonable person acting as supervisor under the totality of the circumstances including, but not limited to, vehicle and ambient noise, the landscape, topography and geography of the location, and the operator's wearing of protective headgear, would reasonably believe that he is maintaining visual contact and verbal communication with the operator.

² "Municipal permitting authority" means the chief of a municipal police department or their designee or the municipal official responsible for public safety.
